

EFFEKT KRYSTAL

GLITTER

METALLIC

Schjerner Effekt Krystal is available in different variants. Choose between transparent glitter effects and metallic effects.

From glass to art in no time

By a stretch of imagination, you will find out how easily beautiful things can be conjured up by way of glass and Effekt Krystal.

Proceed as follows:

Decorate or fill an even layer of Effekt Krystal on to the glass.

In order to obtain the fine effect, the pattern must be drawn immediately after application, while it is still wet. You may use a fork or the end of a brush in order to obtain the effect of patterns.

Drying time 1-2 hours dependent on thickness of layer. Can be washed by hand.

Available in pots of 100 ml.
