6141 Fuchsia	6116 Pink	6119 Lilac	6132 Blue
6167 Turquoise	6127 Green	6124 Brill.Green	6111 Lime
6158 Brown	6140 Black		

Blackboard Colour

Mat Blackboard Colour with a very abrasion-proof surface.

The colour merges very well without leaving brush strokes, which makes it suitable for painting large surfaces, such as doors, cupboard doors, chests of drawers and other easy-absorbing materials.

Try to paint a section on the wall, in order to use it as a blackboard.

It is important to grind the surface before painting with blackboard colour.

The colour is water-based, but it dries waterproof up.

You should paint two coats as a minimum with a brush or paint roller, and allow the item to harden for 48 hours.

Available in tubs of 250 ml.

For the benefit of environment and health

Schjerning Farver produces clean colours without traces of agents that may damage the environment or the health of the user. We comply with the most stringent requirements of the market. The colours are cleaner than required by Danish law and much cleaner than required by European standards.
